Your AI positioning session

A free 10 to 15 minute conversation to help you describe what you bring to AI transformation, ground that statement in evidence, choose a direction, and identify a small project.

Copy this prompt into your AI assistant

Read https://hrai.institute/aicareer?view=agent and run the positioning session described there with me. Ask one question at a time.

How to use it

1. Open your preferred AI assistant, such as ChatGPT or Claude.
2. Paste the exact prompt above.
3. Respond to one question at a time. Voice works too.
4. Use examples you can share. Keep confidential employer information out.

Then take one small step

Use the positioning statement to explain your value. Pick one project that gives you evidence of the direction you want to pursue.
